

02.22.21

Hello Parents and Guardians of Herndon Magnet School Students, this is Tom Thomas, Principal of Herndon Magnet School with additional information about virtual learning tomorrow through Friday, February 23-26, 2021.

- Please know that we are very mindful of the challenges that many of you are facing, and the situations that many of you are in this week. Many of the teachers and staff are facing them as well. Please know that we will be extremely flexible due to the lack of water and even power in many homes. Because of this, teachers will be posting activities and lessons on Canvas that can be done with and without devices, and nothing has to be printed off the internet. Please know that this virtual week is not like when students have to be virtual due to exposure to COVID-19. There are no class schedules to follow, and attendance will not be taken. In addition, no assignments have to be submitted by a certain day or time this week. Our main goal is to provide students with learning opportunities that will keep their minds and bodies active and sharp until we can be back in person on Monday, March 1, 2021. Please know that even if your student does not have a chromebook, iPad, or etcetera, they can still access the curriculum with such items as smart phones, gaming devices, and smart TVs. Teachers will be posting assignments throughout the week and sending messages on Canvas, DOJO, and Remind. Thank you for all your support as we maneuver through this week.
- Important information and reminders can always be found at herndonmagnetschool.com, especially under “Newsletter” and “JCALL Transcripts.”

A transcript of this call can be found at www.herndonmagnetschool.com. Thank you and have a wonderful evening! ID #: 291454
